Subject: SA Study - New Screening Dates

Loreen:
I just wanted to let you know that the screening dates for the South African exercise study have been moved in light of the fact that we don't yet have the signed agreement. The new dates are as follows:

Group 1 will now be screened on 19 and 20 March 2003
Day -1 will be on 7 April 2003 and day 9 on 17 April 2003

Group 2 will be screened on 22 and 23 April 2003
Day -1 will be on 2 May 2003 and day 9 on 12 May 2003

Please let me know if any questions.

Thanks,
Valerie
